

## ***Healthy for the Holidays: Juicer Heroes at the SAHS November Meeting***

**Jason and Josh** are two brothers who became passionate about Juicing and healthy living as a necessity. In 2008, Jason began to experience several disconnected symptoms that after visiting several doctors and dozens of tests, no real diagnosis could be determined. Jason spent hours on the internet and finally discovered he had heavy metal poisoning attributed to his amalgam or Mercury fillings he had gotten as a child.

He then researched how to detox and discovered that Juicing of greens was the only real method. This led to their founding Juicer Heroes, which provides a menu of the freshest, healthiest fruit and vegetable juices with varieties for every taste and pricing to fit every budget. Join the Herb Society members and guests on Thursday, November 8th, to hear the **Juicer Heroes** story.

***Members N-Q, please bring a tasty treat for our Hospitality Table. Be sure to provide a name card (and recipe) for the dish you bring (or email it directly to the newsletter editor for publication). Come on out to the lovely San Antonio Garden Center, located on the corner of Funston and N. New Braunfels. Social time is from 6:30-7:00 and the meeting and program begin at 7:00.***
